

CodeTribe Academy – Learner Questions & Answers Knowledge Base

Programme Overview & Schedule

Q: What is CodeTribe Academy?

A: CodeTribe Academy is a digital skills development programme run by the Mobile Applications Laboratory NPC (mLab). The programme aims to equip unemployed youth with software development, mobile application development, cloud technologies, and Agile Scrum skills to enable participation in the digital economy.

Q: What is the duration of the programme?

A: The programme runs from 07 July 2025 to 31 March 2026 and consists of two phases: Phase 1 (Web Development) from July to October 2025, and Phase 2 (Mobile Application Development) from November 2025 to March 2026.

Q: Can a learner exit after Phase 1?

A: Yes. A learner may choose to exit after Phase 1; however, this results in full termination from the programme effective 31 October 2025, and the learner will not proceed to Phase 2.

Q: Does completing the programme guarantee employment?

A: No. The programme is a training intervention and does not create an employment relationship. mLab has no obligation to employ learners after programme completion.

Attendance & Assessments

Q: What are the attendance requirements?

A: Learners must attend training sessions Monday to Friday for approximately 8 hours per day. A minimum attendance rate of 90% is mandatory throughout the programme.

Q: What happens if a learner misses a class?

A: If a learner is unable to attend training, they must provide a valid medical certificate to the Skills Facilitator. Failure to maintain attendance standards may lead to disciplinary action or termination.

Q: What are the assessment requirements?

A: Learners must submit at least 90% of all assignments and projects and must achieve a minimum score of 80% for each submitted assessment to remain eligible to graduate.

Q: What happens if assessment requirements are not met?

A: If a learner repeatedly fails to meet assessment criteria, mLab reserves the right to terminate the learner's participation and may instruct the sponsoring partner to stop the study subsidy.

Programme Rules & Conduct

Q: What rules must learners follow?

A: Learners must comply with the CodeTribe Academy Code of Conduct, maintain academic integrity, respect fellow learners and staff, and adhere to all safety, ICT, and internet usage policies.

Q: Is plagiarism allowed?

A: No. Any form of plagiarism, including copying assignments or submitting work that is not the learner's own, is considered academic dishonesty and will result in termination from the programme.

Q: Are learners allowed to misuse the internet or systems?

A: No. Internet access is provided for official training purposes only. Downloading unauthorised software, accessing inappropriate content, or abusing network resources is strictly prohibited.

Termination & Withdrawal

Q: Can mLab terminate a learner's contract?

A: Yes. mLab may summarily terminate a learner's participation if the learner breaches the Code of Conduct, fails attendance or assessment requirements, or violates any programme rules.

Q: Can a learner voluntarily withdraw from the programme?

A: Yes. A learner may withdraw by providing one week's written notice. However, the learner will be required to repay all study subsidies already received, including any recovery-related legal costs.

Equipment, Confidentiality & IP

Q: Can learners take equipment home?

A: No. Learners must take proper care of all mLab equipment and may not remove any equipment from the premises without authorisation.

Q: Who owns the intellectual property created during training?

A: All intellectual property created during the programme, including projects, code, documentation, and presentations, belongs solely to mLab.

Q: Are learners required to keep information confidential?

A: Yes. Learners must maintain strict confidentiality regarding any proprietary or third-party information accessed during the programme.

Learner Support Services

Q: What support services are available to learners?

A: Support is provided through Skills Facilitators, programme coordinators, mentoring, and access to training facilities to enable learners to complete the programme successfully.
